

# Actors wanted

**German 4510**

## **Theory and Practice of Theater**

**In this course, we discuss German theater from Schiller to Brecht and Jelinek. You will learn about different dramaturgical models and analytic approaches towards theater. Because it is essentially a performative medium, we will also work on the production of a play to be performed at the end of the semester. All students will be involved as actors and/or crew members. Be aware that rehearsals outside of class time will be necessary.**

**Tue +Th 9.30-10.45 ; Taught in German ; Prereq. 3010**

**Instructor: Brechtje Beuker**
